

# WS 45 EC (VN)

INSTANTANEOUS WATER HEATER FOR  
SHOWERS

PRODUCT-NO.: 205239

Unlimited comfort and convenience

## The main features

Protection class IP25 (splash-proof)

Complete set optimised for a single shower

Anti-scalding and overheating protection with double action thermostat

Temperature adjustment via stepless power control

Corrosion-resistant copper heating element and tank

5-in-1 shower head with slide bar for convenient height adjustment

Temperature adjustment via stepless power control

Complete set optimised for a single shower

Corrosion-resistant copper heating element and tank

Certified electromagnetic compatibility

5-in-1 shower head with slide bar for convenient height adjustment

Anti-scalding and overheating protection with double action thermostat

Luxurious matte black control panel and white casing

Flame-retardant electronic circuit board for extra safety

Power "ON" shown by LED light on the appliance cover

Automatic on/off control with flow switch

Suitable for operation with low water pressure

Quick and easy installation

Protection from electric shock with Earth Leakage Circuit Breaker (ELCB)

Protection class IP25 (splash-proof)

Type	WS 45 EC (VN)
Part no.	205239

## Technical data

Cold water connection	1/2 inch
Electrical fuse protection	ELCB
Rated output	4,500 W
Electrical connection	1/N/PE~220-240 V
Rated voltage	220-240 V
Rated current	20.5 A
Display	without
Heating element	Copper tubular
Type	Open outlet
Automatic flow switch	true
Heating material	Copper
Temperature setting	Step-less
Temperature control	Power control
Anti-scalding protection	Double acting thermostat
Shower accessories	5-in-1 shower head with slide bar
Colour	white
IP rating	IP25
Shutdown value	0.8 l/min
Starting flow rate	1.3 l/min
Depth	79 mm
Height	326 mm
Width	200 mm

Weight	1.4 kg

#### Contact information

You have questions? We appreciate to help you:

Call 1800 888822

Write an email to [info@stiebel-eltron.vn](mailto:info@stiebel-eltron.vn)

#### Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in.

The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
