

# STREAM 5S (VN)

DOMESTIC USE

PRODUCT-NO.: 205256

The Stream 5S with 5 stages in 4 filter cartridges purifies water from the municipal supply to instantly deliver clean and fresh drinking water.

More than a simple water filter – the Stream 5S offers you:

- 5 stages in 4 encapsulated filters
- No electricity or storage tank required
- “Push & click” system for easy filter replacement

## The main features

5 stages in 4 encapsulated filters for safety and hygiene

Ultrafiltration technology for 100 % removal of bacteria with no water wastage

Antibacterial silver ions provide double protection of the water filter

Large carbon layers for great tasting filtered water

No electricity or storage tank required

“Push & click” system for easy filter replacement

“Push & click” system for easy filter replacement

Type	STREAM 5S (VN)
Part no.	205256

## Technical data

Height	400 mm
Width	295 mm
Depth	100 mm
Weight	2.7 kg
Filtration stages	5 Stage
Filter stage 1	Sediment filter - 1 #m
Filter stage 2	Activated carbon block - 0.5 #m
Filter stage 3	Ultra filtration (hollow fibre) - 0.1-0.01 #m
Filter stage 4	Granulated activated carbon
Filter stage 5	Mineral ceramic balls
Nominal flow rate	2 l/min
Max. operating pressure	4 bar
Temperature range	4 - 35 °C
Min. operating pressure	1 bar
Max. flow rate	4 l/min
Maximum water pressure	4 bar
Draw-off option	Swan neck tap
Colour	white
Installation type	Undersink

#### Contact information

You have questions? We appreciate to help you:

Call 1800 888822

Write an email to [info@stiebel-eltron.vn](mailto:info@stiebel-eltron.vn)

#### Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in.

The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
